About This Course

Globally recognized and transferable across all industries, CGEIT arms IT governance professionals with comprehensive know-how to assess organizational needs and risk appetite, the mindset and confidence to gain buy-in from upper management for IT initiatives, and the ability to shift the perception of IT to a value center.

Who Should Attend

Professionals with 5 or more years of experience establishing and managing a framework for the governance of I&T as well as serving in an advisory or oversight role, and/or otherwise supporting the governance of the IT-related contributions.

- SVP, VP, Director
- IT professionals supporting upper management: Consultants, Senior Managers, Managers, Senior Engineers

Governance, ultimately, is the responsibility of upper management and the board. Therefore a high-level understanding of I&T governance is essential at this level so they can empower governance practitioners and sponsor the right initiatives.
