## Course Overview

Disciplined Agile (DA) is a process-decision tool kit that provides straightforward guidance to help people, teams, and organizations to streamline their processes in a context-sensitive manner. Disciplined Agile (DA) provides a solid foundation for business agility by showing how the various activities such as Solution Delivery (software development), IT Operations, Enterprise Architecture, Portfolio Management, Security, Finance, Vendor Management, and many others work together. DA also describes what these activities should address, provides a range of options for doing so, and describes the trade-offs associated with each option. Becoming a Disciplined Agile Scrum Master enables you to improve team performance through the use of agile and lean approaches like Scrum, Kanban, SAFe®, and more. This course has been approved by PMI for 14 PDUs.
