This exam prep course provides a solid foundation for anyone seeking to develop fluency in Agile concepts, terms, and practices as well as the necessary knowledge to be prepared for the PMI Agile Certified Practitioner (PMI-ACP)® exam. This course covers the values and principles articulated in the Agile Manifesto, as well as the values of key Agile frameworks and methods, including Scrum, XP, and Lean. Our 2-day PMI-ACP exam prep course, with successful completion of an online mock exam, satisfies the 21 hours of formal education required to sit for the certification exam.
