Course Overview

Project management experts are in high demand because it's a role that can ensure major projects are executed successfully. The Project Management Professional (PMP)® certification is governed by the Project Management Institute. It is considered the gold standard for project management certifications and validates skills across predictive, hybrid, and agile project approaches and tests your understanding of people skills such as building teams, managing conflict, addressing challenges, and process skills that emphasize the technical aspects of project management such as managing risk, schedules, budgets, and assessing the business environment to make projects successful. This course is powered by Project Management Academy, a PMI Authorized Training Partner. Prepare to pass the PMP exam on your first attempt with an instructor-led PMP Exam Prep Training course - The PMA Way and with a 100% money-back guarantee. Project Management Academy (PMA) is known for taking complex project management topics tested on the PMP exam and teaching them in a way that instills confidence in your understanding of the concepts. Throughout the course, an infusion of detailed concept explanations, real-world examples, and interactive knowledge checks to make sure you understand the materials and are set up for success to pass the exam. Note: This course has been approved by PMI for 35 PDUs.
